

COSMOS THEATRE

COSMOS THEATRE

A large, dimly lit event space, likely a restaurant or banquet hall, with a stage at the far end. The stage is illuminated with bright spotlights and features a large, ornate chandelier. The foreground is filled with numerous rectangular tables set for a formal dinner, each with white linens, glassware, and plates. The chairs are dark with light-colored upholstery. The overall atmosphere is elegant and sophisticated.

A UNIQUE SYNTHESIS OF
ART, GASTRONOMY, TECHNOLOGY
AND ENTERTAINMENT

ART, GASTRONOMY & ENTERTAINMENT

Cosmos Theatre stands as a groundbreaking venture in Antalya, Türkiye, epitomizing the future of the MICE industry with its innovative synthesis of art, gastronomy, entertainment. As a new-generation dinner theatre, Cosmos Theatre is not just a venue; it's an immersive experience that captivates both locals and tourists.

By merging spectacular performances with fine dining, this establishment offers a unique experience that goes beyond traditional entertainment, making it an ideal choice for corporate events, product launches, and high-profile meetings.

Whether it's hosting a conference in an environment that stimulates creativity or rewarding employees with an unforgettable incentive trip, Cosmos Theatre provides a versatile backdrop that can elevate any MICE event to a memorable spectacle.

With state-of-the-art technology and a commitment to excellence, Cosmos Theatre is redefining the boundaries of corporate events and entertainment, promising an unmatched experience in the heart of Antalya.

A woman with long dark hair, wearing a white, long-sleeved, floor-length dress with a wide white belt and lace detailing on the sleeves, is sitting on a swing. She is looking upwards and to the left with an expressive face, her mouth open as if singing or speaking. Her right arm is raised, and her left hand is near her chest. The swing set is made of dark metal chains and a red seat. To the right of the woman is a large, ornate, circular metal structure, possibly a chandelier or a decorative light fixture, with several small, warm-toned lamps hanging from it. The background is a deep blue with numerous out-of-focus, glowing yellow and white circular lights, creating a bokeh effect. The overall mood is dramatic and theatrical.

THE SHOWS

A vibrant, purple-tinted photograph of a nightclub scene. In the foreground, the silhouettes of a crowd are visible, with many people raising their hands and holding up smartphones to capture photos or videos. The background features a stage with bright, focused spotlights and a large, billowing cloud of white smoke or fog. The overall atmosphere is energetic and festive.

TECHNOLOGY

Cosmos Theatre is equipped with state-of-the-art sound, light, image, and stage systems that elevate any event to the next level.

270° MAPPING

Cosmos Theatre possesses a 1200 square meter mapping area created using silver-colored acoustic fabric (PONGS) that maintains sound quality while keeping speakers out of sight and enhancing visual quality. The 270° mapping system, facilitated by 32 projectors, allows the space to transform into any desired arrangement.

TECHNICAL INFORMATION

Cosmos Theatre is a new generation multi-purpose show center designed with the latest technology while preserving the traditional theatre image.

This state of the art hall offers a visual feast with its striking lighting and sound systems. this flexible infrastructure is suitable for all kinds of visual shows with its video mapping on 1500m² surface with 32 units of 20,000 ans projectors and a 17x7m gerriets vision gauzel parsifal ghost screen along with a 150m² 2.5mm led screen on the stage.

In Cosmos Theatre the highest level of sound quality is provided for any kind of event by using d&b audiotechnik v series speakers suitable for acoustic structure. this system can also be used as 7+2 surround, apart from the standard stereo. to keep a clean look for the mapping, the entire sound and video

projection systems are hidden within the walls.

The light system is designed with the same idea in mind as the sound system, in accordance with multi-purpose use and by choosing suitable brands and models for rider such as ma lighting, robe, etc and such. it also has an infrastructure that will allow agile design changes with automation-rigging truss motors and movable decoration systems; making it flexible for all kinds of applications.

There are various mechanical effects present in the hall to take the performances to the next level. such as 3 automated stage extensions (two 2.5x7m and one 3x7m) that are located on the front of the stage to enhance the podium if needed. a 2x4m w/lift and 1 meter h lift and ten 18m decor bars

digitally managed with the automation system. also aerial performance winches takes place above the stage as well as the audience.

The general lighting system is arranged in a way that consists entirely of rgba led lights and can be controlled individually by automation. it is designed in a structure that is convenient for all kinds of control and can be included in shows and organizations.

There are 150 kw apc brand ups system and 2 “900kw” generators in the hall in order to avoid any interruption that might occur during the events.

Digital billboarding is used for show and event banners and are located on the outside wall of Cosmos Theatre portrayed in 5 “24m²” led screens.

OUTDOOR ADVERTISING AND ANNOUNCEMENT CAPABILITIES

Cosmos Theatre's outdoor advertising and announcement capabilities are notably enhanced by the strategic placement of five LED screens around the venue's exterior. These screens offer an excellent platform for event announcements, sponsor logos, or live broadcast content, providing a seamless and uninterrupted display of high-quality visuals. Thanks to the advanced technology of these LED screens, Cosmos Theatre extends its offering beyond the confines of indoor facilities, presenting event organizers and participants with a broad spectrum of interaction and promotion possibilities that encompass both indoor and outdoor spaces. This feature not only enhances the visibility of events and sponsors but also enriches the attendee experience, making it a versatile tool for a wide range of MICE activities.

COSMOS

THEATRE

A wide-angle photograph of a large conference hall during a B2B event. The audience is seated at long tables, facing a stage. The stage features a large blue screen displaying a presentation with various icons. Two people are standing on the stage, and a camera operator is visible on the right. The room is dimly lit, with stage lights illuminating the stage area. The text "B2B EVENTS" is overlaid in the center of the image.

B2B EVENTS

The image shows the interior of the Cosmos Theatre. The walls are covered in large digital screens displaying vibrant, abstract, geometric patterns in shades of purple, pink, and blue. The floor is dark and reflective. In the foreground, there are several rows of dark wooden chairs with light-colored seats, arranged in a semi-circle. To the left, there are small square tables with chairs, set up for a party or banquet. In the center, there is a raised platform with a blue, tufted sofa and a glass railing. The overall atmosphere is modern and high-tech.

FOR B2B EVENT REQUESTS

The venue has private vip lounges, dining areas, bar seating, balcony level lounges with small tables, and exclusive lounges with dividing curtains.

Contemporary design of the building combines the simplicity and elegance. This architectural project lays special emphasis on the optimum stage viewing angles, comfortable seating areas, arrangements to create the unique ambiance of the venue, as well as floor and facade cladding elements based on acoustic engineering measurements to improve sound quality.

Take advantage of the venue's exceptional setting, theatrical scenery and state-of-the-art equipment to make your events unique and memorable. Whether it's a birthday, anniversary, proposal or any other ceremony, your special day will leave a lasting impression on your guests. The giant outdoor led screens on the facade of the venue with special visual designs make you immerse in the show at first sight.
